I, Gaelic and English, II, English and Gaelic ... to which is Prefixed a New Gaelic Grammar
Geddes & Grosset, Limited

This dictionary is intended for learners of Gaelic - from beginners to university and college students. It gives coverage of the core of the language, but the inclusion of vocabulary from fields such as business and IT means that is also a valuable tool for all who require an up-to-date reference work.

The Gaelic-English Dictionary Independent Publishing Group

This is a very important contribution to Anglo-Irish lexicography and an excellent source of information on the English of Ireland Dictionaries. Now in paperback, this important work fills a long-felt void in the study of both Irish and English, by providing the first extensive compilation of Hiberno-English words, their meanings and etymologies. The legendary eloquence of the Irish is here shown to be the product of not one, but two languages. This applies equally to the spoken word as to the great landmarks of Anglo-Irish literary achievement. The author has collected, from written and (predominantly) oral sources, the most comprehensive evidence to date of the influence of Gaelic on modern spoken English in Ireland.

The Essential Gaelic-English, English-Gaelic Dictionary Birlinn Publishers

A Dictionary for Students and Learners of Scottish Gaelic French & European Publications

The modern Gaelic alphabet has 18 letters - Gaelic simply needs a smaller alphabet to make its sounds. To pronounce Gaelic words correctly you need to know what the sounds of the letters are, particularly the sounds of combinations of letters. Using his knowledge of the conventions of the language and not a little humour,

George McLennan offers a straightforward guide to the Gaelic alphabet. Placenames and surnames are used to illustrate particular pronunciations, in the expectation that most people will be familiar with them. Each letter is discussed separately. Combinations of consonants, eg chd, are dealt with or referred to under the first letter. The vowels are then done in alphabetical order as are groups of vowels. Like its successful companion volume Scots Gaelic an introduction to the basics, A Gaelic Alphabet will be of great help to learners and speakers of the language.

~ Aœ Gaelic Dictionary in Two Parts Birlinn Publishers

Indicates pronunciation in English spelling and acquaints visitors with a basic key vocabulary. This title covers phrases such as travel, sightseeing, shopping, and recreation, and provides notes on grammar, pronunciation, and dialect.

A Pronouncing and Etymological Dictionary of the Gaelic Language The Essential Gaelic-English, English-Gaelic Dictionary

In an area the size of Alabama we have a half-dozen "lesser" languages spanning the northern half of the United Kingdom, all dominated by English, but both historically, and orthographically having little in common and they are to a large part mutually unintelligible. Scottish Gaelic is closely related to Manx and Irish (Gaelic) and was brought to Scotland around the 4th century AD by the Scots from Ireland. Scottish Gaelic is also distantly related to Welsh (Cymraeg), Cornish (Kernewek) and Breton (Brezhoneg), which form the Brythonic branch of the Celtic languages, also known as P-Celtic. The Celtic languages all have a similar grammatical structure, but have relatively little vocabulary in common. By ranking of speakers they are: Scots (sco) 1.5 million speakers Irish (gle) 1.1 million speakers Scots-Gaelic (gla) 87,000 speakers Scottish Gaelic was spoken throughout Scotland (apart from small areas in the extreme southeast and northeast) between the 9th and 11th centuries, but began to retreat north and westwards from the 11th century onwards. Today, Scottish Gaelic is spoken in Scotland (Alba), mainly in the Highlands (a' Ghaidhealtachd) and in the Western Isles (Na h-Eileanan an Iar),"

English-Irish Dictionary Hippocrene Books

This book fulfils a keenly-felt need for a modern, comprehensive dictionary of Scottish Gaelic into English. The numerous examples of usage and idiom in this work have been modelled on examples culled from modern literature, and encompass many registers ranging from modern colloquial speech, to more elaborate literary constructions. The main contemporary terms and idiomatic phraseology, often not available in other dictionaries, provide excellent models for easier language learning. In addition to the main dictionary, the volume contains introductory material, providing guidance on using the dictionary, spelling and pronunciation. There are also twelve useful appendices which cover not only the various parts of speech, lenition and proper nouns, but also address the more difficult issues of expressing time, direction and numerals. The clarity of the design and layout of the volume will greatly ease the process of attaining mastery of the Gaelic language.

The First Gaelic-English and the Second English-Gaelic Teach Yourself

There are many good and useful books that provide a wide range of Scottish Gaelic vocabulary to express many aspects of daily life - except, for the most part, the topics covered in this book. Scottish Highlanders, and their descendants all over the world, are no better and no worse than any other people where "sinful" behaviour is concerned. Standards of morality and social conventions changed dramatically during the 19th century - and most of the people engaged in recording and commenting upon Highland life and tradition were puritanical ministers and priests who left out the racy bits. So, while there are many useful books that provide a wide range of Scottish Gaelic vocabulary to express many aspects of daily life - for the most part, they leave out the naughty bits.
