by value: to the I  
am or to the I am  
present thus  
sacrificed, a what  
I am or a what I am  
worth is preferred.

Derrida's "Of  
Grammatology" is  
perhaps his most  
famous, as well as  
his best, work. It is  
a masterpiece of  
postmodern philosophy  
and also,  
incidentally,  
Derrida's most  
readable writing. The  
book is also a kind

of showpiece of the  
deconstructive  
method: in it, the  
reader witnesses  
Derrida's  
deconstructions of  
Saussure, Levi-  
Strauss and Rousseau,  
all of whom,  
according to Derrida,  
privilege speech over  
writing.  
Of Grammatology -  
Wikipedia  
Of Grammatology is an  
examination of the  
relation between  
speech and writing,  
and it is an

investigation of how  
speech and writing  
develop as forms of  
language. Derrida  
argues that writing  
has often been  
considered to be  
derived from speech,  
and he says that this  
attitude has been  
reflected in many  
philosophic and  
scientific  
investigations of the  
origin of language.  
**Of Grammatology Quotes  
by Jacques Derrida**  
A main point in Of  
Grammatology however,  
is that Derrida is

---

speaking of two different sorts of writing: that which writing is traditionally understood to be, that is, marks on a page or writing conceived in the narrower sense Derrida will say, but also, and more centrally in terms of the book's

Search Tips. Phrase Searching You can use double quotes to search for a series of

words in a particular order. For example, "World war II" (with quotes) will give more precise results than World war II (without quotes). Wildcard Searching If you want to search for multiple variations of a word, you can substitute a special symbol (called a "wildcard") for one or more letters.
