“[A] joyful—and explicit—guide to sex. . . . [V]iews sexual pleasure as a human right and stresses the importance of female consent and equality.” —Ian Kerner, CNN
The Passion Book is the most famous work of erotica in the vast literature of Tibetan Buddhism, written by the legendary scholar and poet Gendun Chopel (1903–1951). Soon after arriving in India in 1934, he discovered the *Kama Sutra*. Realizing that this genre of the erotic was unknown in Tibet, he set out to correct the situation. His sources were two: classical Sanskrit works and his own experiences with his lovers. Completed in 1939, his “treatise on passion” circulated in manuscript form in Tibet, scandalizing and arousing its readers. Gendun Chopel here condemns the hypocrisy of both society and church, portraying sexual pleasure as a force of nature and a human right for all. On page after page, we find the exuberance of someone discovering the joys of sex, made all the more intense because Chopel had taken the monastic vow of celibacy in his youth and had only recently renounced it. He describes in ecstatic and graphic detail the wonders he discovered. In these poems, written in beautiful Tibetan verse, we hear a voice with tints of irony, self-deprecating wit, and a love of women not merely as sources of male pleasure but as full partners in the play of passion. “Explicit, unabashed, detailed, and encyclopedic . . . [A] joyful book.” —Tricycle
“An enchanting new translation Chopel’s writing couldn’t be more

timely. . . . He confronted the patriarchy, challenging those who dehumanized women or thought the poor deserved less.” —Los Angeles Review of Books

No city but Florence contains such an intense concentration of art produced in such a short span of time. The sheer number and proximity of works of painting, sculpture, and architecture in Florence can be so overwhelming that Florentine hospitals treat hundreds of visitors each year for symptoms brought on by trying to see them all, an illness famously identified with the French author Stendhal. While most guidebooks offer only brief descriptions of a large number of works, with little discussion of the historical background, Judith Testa gives a fresh perspective on the rich and brilliant art of the Florentine Renaissance in *An Art Lover's Guide to Florence*. Concentrating on a number of the greatest works, by such masters as Botticelli and Michelangelo, Testa explains each piece in terms of what it

meant to the people who produced it and for whom they made it, deftly treating the complex interplay of politics, sex, and religion that were involved in the creation of those works. With Testa as a guide, armchair travelers and tourists alike will delight in the fascinating world of Florentine art and history.

This book is about marriage and its relationships, based on the Song of Solomon. Interpreting this book of the Bible has been a controversial issue for many years. First, it is a book about love, marriage and sex. It is thoroughly immersed in the goodness of the created order. Second, in teaching us about intimate relationships in marriage, it helps us understand how marital union reflects Christs relationship to the church corporately, and the believer individually. Thirdly, the Song of Solomon is Gods inerrant Word. It is breathed out by God and profitable for teaching, for reproof, for correction, and for training in righteousness that the man of God may be adequate, equipped for every good work (2 Tim. 3: 16-17). We cannot keep this issue buried beneath the surface but hovering over everything we understand of the Song. Being persuaded of its divine authorship and sanctifying intent should keep us from embarrassment on the one hand and sentimentality on the other. The Holy Spirit

thought it necessary that we be given these love poems to teach and exhort us to love more deeply the one he has provided to share our lives with. It is only right, therefore, that we reciprocate with gratitude for this gift.
